Dear Mr. Kostouros:

Re: Long-Term Care Home Bed Allocation (PROJ 400)

Thank you for your application for the Hellenic Home Phase 4 project in Scarborough. It is with pleasure that I write to advise you that the Ministry of Health and Long-Term Care will allocate 128 long-term care beds to Hellenic Home for the Aged Inc.'s proposed project, subject to the approval of your application, and meeting all the conditions and requirements as set out in the *Long-Term Care Homes Act, 2007* with respect to the licencing and operation of the beds, and other conditions to be stipulated by the ministry.

The allocation of 128 long-term care beds is part of our government's commitment to create 15,000 new long-term care beds within five years, and 30,000 in 10 years, to help cut hospital wait times and end hallway health care.

Please accept my congratulations on behalf of the Government of Ontario. I look forward to working with you to end hallway healthcare in Ontario and expand access to long-term care across our province.

Sincerely,
