Please contact Home's Programs Coordinator, Elisabeta Belliu at: (416)654-7718 ext. 3104

Families and Friends of Hellenic Home Scarborough

As summer comes to an end and we enter the flu season we would like to remind everyone that our residents are particularly vulnerable to influenza and other respiratory illnesses. Protecting the health and well-being of our residents is a shared responsibility, and we greatly appreciate your cooperation and support.

To help reduce the spread of illness, we kindly ask all families and visitors to:

- Please do not visit the Home if you are feeling unwell or experiencing symptoms such as fever, cough, sore throat, or runny nose.
- Practise good hand hygiene by washing your hands or using the hand sanitizer provided when entering and leaving the Home.
- Wear a mask when requested by staff or when respiratory illness precautions are in place.
- Follow any additional visiting guidelines or outbreak precautions communicated by the Home.

Flu vaccination remains an important way to help protect our residents, families, visitors, and staff from influenza.

We understand how important visits are to our residents, particularly as we approach the winter months. Our goal is not to discourage visits, but rather to ensure that visits can take place as safely as possible.

Thank you for your continued understanding, cooperation, and commitment to keeping our residents safe and healthy. Together, we can help reduce the spread of influenza and other respiratory illnesses within our Home.

Thank you for helping us keep our Home safe.
